

Weekly Current Affairs — MCQ Session

Session Date: 9 September 2026 | Target Exams: SSC CGL / CHSL / MTS | Format: Quick Revision Digest

Exam Updates & Class Announcements

- SSC CGL 2026 notification released (previous day): exam-window dates have been announced. Exact exam-day/shift and admit card are still awaited — expect an update roughly 10–17–18 days before the exam.
- SSC CHSL exam window: 30 September – 10 October 2026. No tentative dates were given in this notification; exact dates will be announced directly, so be mentally prepared for exams to fall close together.
- Study advice: reduce non-essential outings and socializing in the run-up to exams; dedicate focused time at home to revision.
- From the next class onward, a daily “Mixed Questions” mock-test session begins at 11:00 AM — compulsory for every student (live or recorded viewing both acceptable).
- General Studies/GK sections of the NDA and CDS papers (also being held around this period) are worth solving — their difficulty standard matches the SSC CGL level.
- NCERT textbooks are NOT required for SSC exams (they matter mainly for UPSC-track exams such as IAS, NDA, CDS). For a weak Economics section, Class 11 Economics may help.
- Recommended core reference books for SSC prep: Lucent's GK and “GK Pulse.”
- Handwritten Geography notes (Hindi/English) are available for revision; Polity coverage begins the following Monday, targeting completion by 18 October.
- South (Deccan) Dynasties topic is scheduled for Saturday's class.
- A separate 10-minute session on BRICS Summit declarations follows this class, since most declarations have now been announced.
- Weekly Current Affairs magazine (Hindi & English editions) is available on Flipkart and Amazon.

Note: The exact broadcast date is inferred from in-session references (Himalayan Diwas observed 9 September, International Literacy Day observed 8 September, and live same-day sports finals mentioned during class).
